Dear Dr. Sutton:

We are in receipt of the death record of Victor Salazar, who died in Burley, June 15, 1938, from Rocky Mountain Spotted Fever.

Will you kindly advise how long this man resided in the city where death occurred? Was he bitten by the tick in New Mexico or Idaho?

Kindly advise on the bottom of this letter and return at once, so that we may complete this record.

Thanking you, we are,

Very truly yours,

Division of Public Health

Pearl Dillingham
Registrar of Vital Statistics

PBA

Mr Victor Salazar was moved from Shelley Ida to Oakley for treatment of Spotted fever.
He had been with the sheep up to his sickness as near as I could find out, around that Locality when he became infected.
He was under my treatment about 7 days before he died at Oakley Idaho

Dear Dr. Dunlop:

Among the death records received from Lewis County this month, was one for John Grandison Coursey, who died July 26, 1938. Death certificate was signed by you. Cause of death given was "Pneumonia".

Will you kindly specify whether this was Lobar (a) or Bronchial in type, and give us a contributory cause, if there was one, as this information is (b) now required by the Federal Government in Washington, D.C.

A notation on the bottom of this letter will be satisfactory, and returned in the enclosed envelope which requires no postage.

Very truly yours,

UNITED STATES STANDARD CERTIFICATE OF DEATH

STATEMENT OF OCCUPATION.—Precise statement of occupation is very important, so that the relative healthfulness of various pursuits can be known. Make some entry in this section for every person aged 10 years or over. If the deceased had retired from business, report the occupation prior to retirement. Children not gainfully employed may be returned as at school or at home. For a woman whose only occupation was that of home housework, write housewife in answer to Question 8 and own home in answer to Question 9. For a person engaged in domestic service for wages, however, designate the occupation by the appropriate terms, as servant—private family, cook—hotel, etc. For a person who has no occupation whatever write none.

To be complete, an occupation return must state:

8.—The trade, profession, or paricular kind of work done.
9.—The industry of business in which the work was done.
10.—The month and year the deceased last worked at the occupation,
11.—The number of years the deceased followed the occupation.

In stating the occupation, avoid the use of such indefinite terms as "employees," "worker," "operative," etc. Find out the particular kind of work done and return that as spinner, weaver, etc.

In stating the industry or business, avoid the use of such general terms as "store," "factory," "mill," etc. State the particular kind of store, factory, mill, etc., as grocery store, soap factory, cotton mill, etc.

Distinguish carefully the different kinds of engineers by stating the full descriptive titles, as civil engineer, mechanical engineer, mining engineer, stationary engineer, etc. Avoid the term "laborer" when a more precise statement of the occupation can be secured. Do not use the word "mechanic," but give the exact occupation, as carpenter, painter, machinist, etc. Distinguish carefully between retail merchants and wholesale merchants. A person who sells goods should be called a salesman and not a clerk.

STATEMENT OF CAUSE OF DEATH.—Cause of death means the disease, injury, or complication which causes death, not the mode of dying, e. g., heart failure, asphyxia, asthenia, etc. As principal cause name the disease or injury causing death. As related causes, name earlier morbid conditions, if any, related to the principal cause and any important complication of the principal cause. Under other contributory causes of importance, name other important diseases or injuries. Examples:

EXAMPLE I		EXAMPLE II	
The PRINCIPAL CAUSE OF DEATH and related causes of importance were as follows:	Date of onset	The PRINCIPAL CAUSE OF DEATH and related causes of importance were as follows:	Date of onset
Arteriosclerosis	1915	Attack of epilepsy	1 week ago
Chronic interstitial nephritis	1921	Run over by street car	1 week ago
